

Séminaire Captronic – Toulouse - 18/09/2013

Introduction sur l'initiative Certification Together

Certification Together

- **Commercial offer for Consulting and Training**
 - Provided by a network of Expert Partners:
Aeroconseil, Apsys, ACG Solutions, Cap Gemini, GERAC.
- **Animation of Industrial exchanges about Certification**
 - **Collaborative initiatives** : User Groups to share efforts and experiences related to new or updated standards
 - DO254 User Group launched in 2004 in Europe and US
 - Exchanges to prepare a ARP4754-A User Group
 - **Events and Workshops**
 - Certification Together International Conference (CTIC)
 - ARP4754-A workshop in 06/2012
 - Dedicated Workshops, with special conditions for SME:
“From DO178B to C”, “Intro. to DO254”, ...
- **To learn more: www.certification-together.com .**

Focus on CTIC 2013 (3rd Edition)

- **CTIC becomes more and more international**
 - 16 countries represented, more than during CTIC 2011
- **Still very representative of the Industry**
 - Important representation of France due to large Groups like Airbus, Eurocopter, Thales, Safran,...
 - All categories represented: Authorities, A/C manufacturers, System & Equipment suppliers, subcontractors, experts,...
- **Higher recognition by Certification Authorities**
 - Continuous support from EASA and FAA
 - Participation of JCAB (Japan) and CAAC (China) during Day 1
 - TCCA (Canada), ANAC (Brazil) also confirmed their support.
- **Even in the difficult economic context...**

Thanks !
